

# Photoshop text tutorial

## HOW TO CREATE MORE IMPACTFUL PORTRAITS

## IMPROVING THE LOOK OF THE SKIN WITH STYLE

[HOW TO ADD AN ENCHANTED ATMOSPHERE TO YOUR PHOTOS... learn more](#)

We will be covering a lot of things in this massive tutorial. You will learn step by step how you can create any cartoon character you imagine using photomanipulation, retouching and color grading techniques. With only Photoshop and stock photos (or your own) you can create a unique caricature that can be a logo, a mascot for a product, a character in an ad, etc.. You can of course use the same techniques explained in this tutorial, in a more subtle way, to spice up your portraits or images. This tutorial has a massive 89 steps detailing the entire process to achieve the image above and don't worry, all my tutorials can be done by anyone who has basic knowledge of Photoshop. Unlike other tutorials you'll sometimes see out there, you don't need to be a skilled digital painter to achieve the same results I get here - as I'm not a good digital painter myself ;) We will be covering a lot of things in this massive tutorial.
